Pattern: Podium Jacket 100

Recommended Fabrics:

Fabric 001 **Doubleknit®**

A heavier yet stretchy fabric, with a very high level of durability. This fabric has an abrasive strength ideal for long wearing. Also offering more warmth than our other fabrics.

Fabric 003 **RiceMesh®**

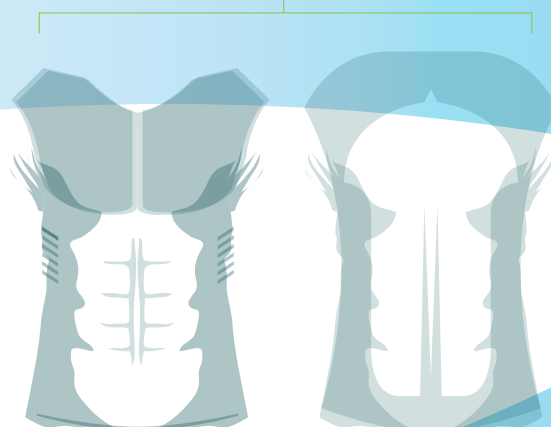

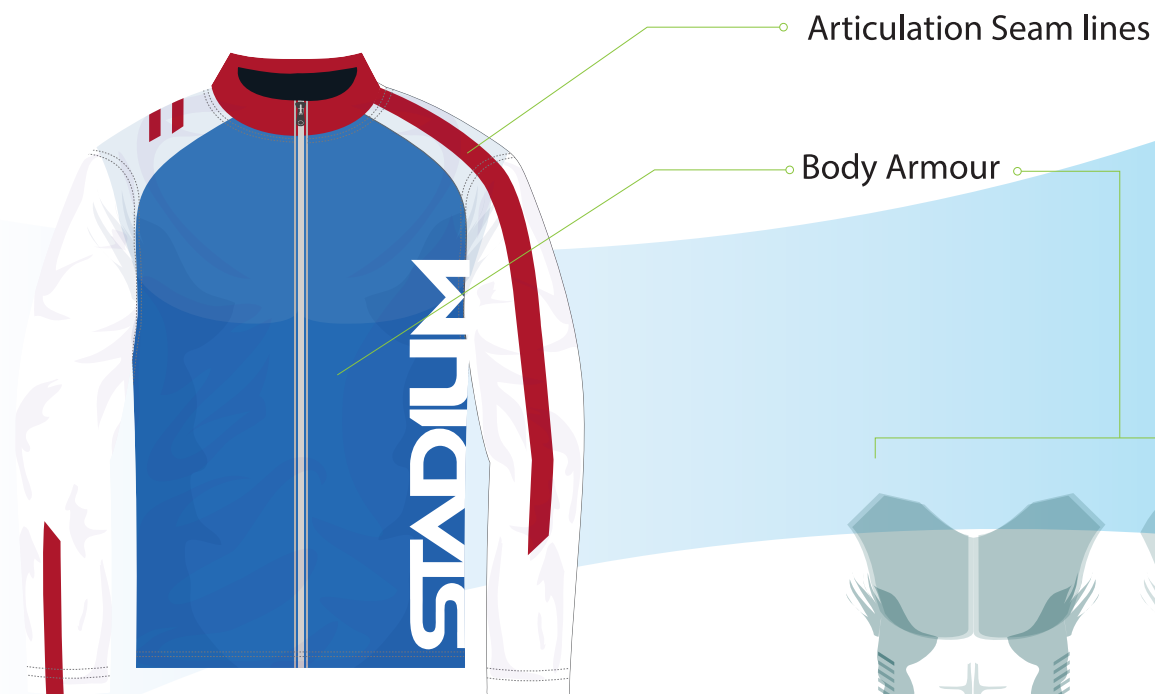

Midweight polyester mesh that is engineered to wick moisture away from the body and move it from the skin to the outer side of the garment where it can evaporate and help the wearer keep his or her body temperature lower.

Fabric 004 **CoolTech®**

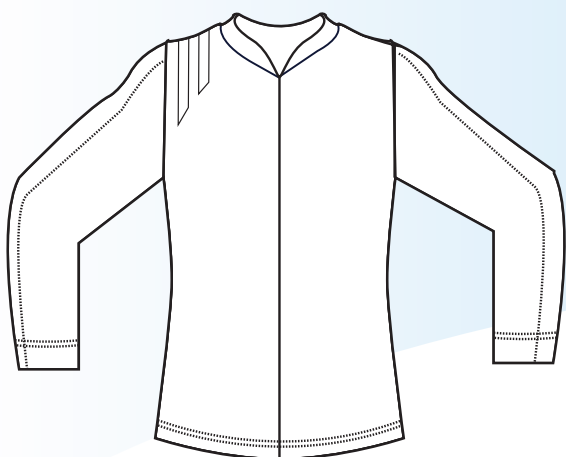

Lightweight polyester mesh that is engineered to wick moisture away from the body and move it from the skin to the outer side of the garment where it can evaporate and help the wearer keep his or her body temperature lower.

Fabric 007 **Spandex®**

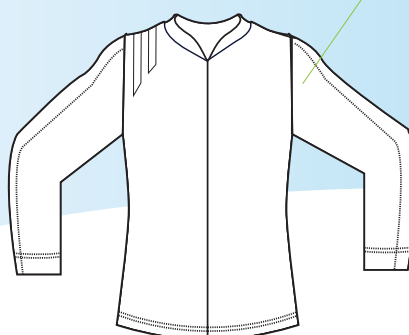

A polyester fabric known for its exceptional elasticity. It is strong and durable, while still extremely comfortable. Since its introduction in 1962, it has revolutionized the sportswear industry and still remains the leading sports performance fabric.
